

April Newsletter

Well folks, its official: Spring has arrived! The daffs are out, the cherry blossom is pink and fluffy, and the summer is really on the way. There's only 3 weeks left to get your "Early Bird" special tickets at last year's prices for the EcoFest, so get those booking forms filled in and send your cheques in soon.

The Spring Roadshow at the Woodman was a huge success...we even had to turn people away, as it got so crowded. Thanks to everyone who came to support it, and all those who took part and helped to make it happen, especially Dave, Andrea, Mel, Carl, and Mark, who helped on the door.

We've had a slight setback in our plans to build a Community Arts Facility with recording studio here at Badger Farm; the council have turned down our planning application, on the grounds that there is no perceptible NEED for a facility in this place, which is an Area of Outstanding Natural Beauty (AONB). In spite of the 15 letters of support submitted with our planning application, we will need to show more proof that there is a need. So before we re-submit the application we will need lots of support from interested parties, not just music agencies. If you think that this is a great idea, as we do, that this is the ideal place for people to be creative and share their skills, then please write to us, either by post or by email. Put "Support letter" on the subject heading, so I know what it's about.

The weeks are flying by, and the festival season is really just around the corner...we're looking forward to seeing all the regulars again, and to meeting some new faces as well. Get your tickets early, to save money and ensure that you get a space.

See you in June!
